

JOB OPPORTUNITIES

While Rembrandt's openings do vary by location, work environment, degree of customer contact, etc...for the most part, we have one type of job opening, which is our General Cleaner. We also occasionally have openings to work on our Special Services team.

DUTIES & QUALIFICATIONS: Duties for General Cleaners also vary by opening/work site, but generally consist of some combination of: cleaning restrooms, dusting, sweeping/mopping, vacuuming and emptying trash, and special project work. It is fairly independent work, requiring people who are self-motivated and comfortable working alone; however, limited teamwork is sometimes required. It is a perfect fit for someone wanting a part-time job where they are active and moving around (exercise is a great side benefit!). Experience can be helpful, but is not necessary - we are happy to train.

JOB SPECIFICS: Rembrandt offers mainly early evening employment, ranging anywhere from 1.5 - 3.5 hours per evening. Most of our accounts are cleaned Monday – Friday, but we do have some positions that are only 2-4 days/week as well. Very few accounts involve weekends, but some may. Start time generally varies between 5:00-6:00pm...however we do have some late night accounts, as well as some daytime accounts. Some accounts are strict on start time, while others are somewhat flexible. Depending on exact location, starting pay for most accounts varies between \$8.00 - \$8.50/hour, with a performance review at 90 days.
